

REMARKS

In response to the Office Action of April 17, 2008, claim 29 has been amended to delete oxygen, sulphur and selenium. It is believed this should avoid the rejection of the claim and claims 33-45 dependent therefrom under 35 U.S.C. §112, second paragraph.

The indicated allowance of claims 1-28 is appreciated. However, it is believed claims 29 and 33-45 are also now allowable.

In view of the foregoing amendments and remarks, Applicants respectfully request reconsideration and reexamination of this application and the timely allowance of the pending claims.

Please grant any extensions of time required to enter this response and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
